PREAMBLE

The Caribbean Democratic Caucus of Florida (CDCF) is united in a common purpose to increase advocacy and civil engagement by Americans of Caribbean descent. We are dedicated to the principles on which the Democratic Party was founded, and recognize that the voice of the people is real democracy. As such, we choose to participate in a political party that believes in equality, life, liberty, and the pursuit of happiness for all people.

We recognize that in our great nation political institutions are the vehicles whereby social and economic change is accomplished. The Democratic Party is the medium through which the Caribbean-American Democratic communities choose to represent the best interest of the common people. The goals and principles of the Democratic Party and Caribbean-American Democratic communities are one and basic; to promote individual rights and freedom through a conscientious political framework of meaningful interaction by its citizenry; thus raising the tide for all.

The Democratic Party is as diverse as its members from the Caribbean Diaspora. The Caribbean Democratic Caucus of Florida (CDCF) joins the Florida Democratic Party in recognizing and working with the Democratic Black Caucus of Florida, Haitian American Democratic Caucus and the Hispanic Democratic Caucus. CDCF provides a caucus for all of the Democrats from the Caribbean Diaspora who does not fall within the purview of the aforementioned bodies. As far back as when one of this nation's founding fathers, Alexander Hamilton, a son of the Caribbean, worked on the Federalist papers which ultimately became the constitution, and served as the first Secretary of Treasury, people of Caribbean descent made contributions to this great nation. By gaining the trust and embracing the vision of today's diverse Caribbean-American Democratic communities the Democratic Party will only continue to become stronger.
